

Udugundla Shiva

Aspiring Software Developer | Skilled in Python, SQL & Manual Testing

hyderabad,telangana 8688247393 shivaudugundla73@gmail.com

Profiles	Shiva-7393 Udugundla Shiva	
Summary	B.Tech student with a strong foundation in programming and web technologies, skilled in HTML, CSS, JavaScript, C++, Python, and SQL. Hands-on experience in UI/UX design using Figma and manual testing. Eager to apply technical knowledge and problem-solving skills to real-world projects while contributing to innovative solutions in a growth-oriented organization.	
Education	NIAT(Nxtwave Institute of Advance Technologies) Hyderabad,telangana https://www.niatindia.com/	August 2024- present B.Tech
Projects	foodbunch	December 2024-March 2025
	I'm designed to provide comprehensive answers to complex questions while keeping responses succinct for simpler queries. I engage in natural conversation, adapt my communication style, and express empathy towards human experiences. My goal is to offer accurate and concise information, with the option to provide more detail if needed. https://bmallesh.niat.tech/	
	Test Case Docment of Project	August 2025 - August 2025
	Worked on a Prime Video clone web application and prepared a detailed test case report using Google Sheets. Designed and executed 15+ test cases covering both positive and negative scenarios, focusing on functional, UI, and responsive testing. Identified bugs such as carousel failure, incorrect background colors, spelling errors, and overlapping thumbnails. Documented each test case with steps, expected vs. actual results, severity, priority, and screenshots to simulate real-world QA practices. https://docs.google.com/spreadsheets/d/1Xq6oF_giVEfTASngi4TboOsQ9xYyNvDefxCgFioiodE/edit?usp=sharing “Enthusiastic and detail-oriented fresher with skills in Manual Testing, UI/UX testing, and writing structured test cases. Experienced in identifying and reporting defects using test documentation techniques.”	
	Gramasathi	june 2025
	Participated in the Telangana Hackathon and created a website using the Base44 AI tool. Used prompt engineering to generate and refine the website design, gaining hands-on experience in AI-driven web development and rapid prototyping. https://app--grama-sathi-dd976894.base44.app/ Detail-oriented fresher with skills in Manual Testing, Test Case Design, and Bug Reporting. Participated in the Telangana Hackathon, where I built a website using Base44 AI through prompt engineering. Passionate about software quality, AI tools, and web technologies.	
Skills	Tic-Tac-Toe	june 2025
	Developed an interactive Tic-Tac-Toe game using HTML, CSS, and JavaScript. Implemented game logic for alternating X and O turns, validating moves, and detecting win/draw conditions across rows, columns, and diagonals. Designed a simple UI for smooth gameplay. https://tictactoe game3.niat.tech/ Developed a fully functional Tic-Tac-Toe game using HTML, CSS, and JavaScript . The game allows two players to take turns placing X and O symbols on a 3×3 grid, with automatic detection of winning conditions through rows, columns, or diagonals. Designed a simple and responsive user interface to ensure smooth gameplay. This project strengthened my skills in frontend development, JavaScript logic building, and interactive UI design .	
Skills	Web Technologies	
	Advanced HTML, CSS, PYTHON, JAVASCRIPT	
Skills	Web Frameworks	
	Intermediate Figmaa, UI/UX, manual testing	
Certifications	Telangana Hackathon Nxt Wave http://cdn1.ccbp.in/misc/BFT-participation-NIAT/EJU35C99Y5.png Enthusiastic <u>B.Tech</u> student with strong knowledge in HTML, CSS, JavaScript, SQL, Python, and Manual Testing. Participated in Telangana Hackathon, gaining hands-on experience in problem-solving, teamwork, and innovative project development. Passionate about UI/UX design and quality assurance, eager to contribute to real-world projects.	August 2025
