Summary	I am a motivated and detail-oriented aspiring software developer with knowledge in MERN stack (MongoDB, Express, React, Node.js). I have built projects like a job portal application and have hands-on experience in developing responsive web applications. I am eager to learn, grow, and contribute to a dynamic organization.	
Education	<u>nxtwave of innovation in advanced technologies</u> nanakramguda	Bachelor of Technology • 9.5 hyderabad • 2024-28
Projects	<u>job-portal</u> Built a Student Job Portal using MERN stack with role-based authentication for students and recruiters. Implemented features like job posting, job browsing, application management, and dashboard analytics (total jobs, applications, users) with seamless frontend-backend integration.	2026
	<u>prep-track</u> Developed PrepTrack, a React-based Interview Preparation Tracker with role-based login, allowing users to manage topics, track progress, and store notes. Implemented routing, localStorage persistence, and dynamic dashboard with real-time progress calculation.	2026-2026
Skills	🔗 python 🔗 HTML 🔗 CSS 🔗 React.JS 🔗 Node.js 🔗 MongoDB 🔗 JavaScript 🔗 manual testing 🔗 automated testing 🔗 c++ 🔗 express.js	

Certifications	Telangana hackathon nxt wave Enthusiastic <u>B.Tech</u> student with strong knowledge in HTML, CSS, JavaScript, SQL, Python, and Manual Testing. Participated in Telangana Hackathon, gaining hands-on experience in problem-solving, teamwork, and innovative project development. Passionate about UI/UX design and quality assurance, eager to contribute to real-world projects. https://cdn1.ccbp.in/misc/BFT-participation-NIAT/EJU35C99Y5.png	2025
